I'm eagerly seeking a chance to thrive in an environment where I can contribute meaningfully, driven by an ambitious pace and a relentless pursuit of professional excellence.

SKILLS SUMMARY

Java	HTML	Time Management
Microsoft Excel	Python	Teamwork
C#	JavaScript	Problem Solving
Java Fx	PHP	Multitasking
SCRUM	SQL	Active Listener
OOPs	ASP.Net	Puntual
DSA	Oracle	Self-Discipline

EDUCATION

- Advanced Diploma in Computer Programming and Analysis (3 Years)

  Graduation : 2025

  George Brown College, Toronto, ON

- Higher Secondary School, Engineering Stream (June 2020 – March 2021) Shannen International School, Vadodara, India

HIGHLIGHTS OF QUALIFICATION

- Proficient in a diverse range of programming languages such as Java, C++, Python, and PHP, enabling versatile software development across various platforms and frameworks.

- Experienced in Agile methodologies, particularly Scrum, ensuring efficient project management and collaboration within cross-functional teams, while delivering high-quality software solutions within iterative development cycles.

- Strong foundation in Data Structures and Algorithms (DSA), with expertise in fundamental data structures like arrays, linked lists, stacks, queues, and trees, as well as various sorting and searching algorithms, facilitating efficient problem-solving and algorithmic analysis.

- Skilled in database management and SQL, capable of designing relational databases, optimizing database performance, and ensuring data integrity and security, alongside proficiency in web development technologies like HTML, JavaScript, and ASP.NET, facilitating the creation of dynamic and interactive web applications.

- Achieved placement on the Dean's Honors List for five consecutive terms, reflecting strong academic performance and dedication to excellence.

- Created multiple small games using Java, demonstrating creativity and problem-solving skills in software development.

- Gained comprehensive knowledge in team management, resource allocation, and project tracking tools. Successfully utilized **ManageX** to enhance the project's workflow efficiency, demonstrating expertise in **project management**, **risk assessment**, and **collaboration** across teams to achieve deadlines and goals.

PROJECT PORTFOLIO

- Flight Reservation System (Object-Oriented Programming C#)

- JavaFX HRM and Payroll System (Java (JavaFX))

- ABC Bus Transit Management System (My SQL Workbench)

- E-commerce Web App (HTML, CSS, JavaScript, PHP)

- On-call Tutoring Web App (HTML, CSS, JavaScript, PHP

- Retail Store Discount Calculator (Python)

- House Prices – Advanced Regression Techniques (Python)

- Employee Management App (NodeJS, Express, MongoDB, and ReactJS)

- ManageX (Android Application)

EXPERIENCE

7 – Eleven (Toronto, ON)

Designation: Cashier   **July 2023 – Present**

- Provided exceptional customer service, catering to diverse needs and inquiries.

- Handled cash transactions accurately and efficiently, ensuring balanced tills.

- Supported inventory management through restocking and organizing products.

- Proficiently operated Point of Sale (POS) systems for transactions and returns.

- Developed strong product knowledge to facilitate upselling and cross-selling.

- Resolved customer complaints promptly, ensuring satisfaction and loyalty.

- Collaborated with team members to maintain a clean and organized store environment.
